## U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

THE SECRETARY

WASHINGTON, D.C. 20410-0001

President Bush and I are committed to making the Department of Housing and Urban Development an effective and well managed agency of the Federal Government, focused on the core mission of HUD – to expand homeownership opportunities to low- and moderate-income families; renew distressed areas with decent and safe neighborhoods; enhance affordable housing opportunities

for all residents particularly members of disadvantaged minorities; recognize the needs of the growing elderly population and provide incentives to address those concerns; encourage economic vitality while at the same time address the challenges of growth and its impact on the quality of everyday life; and pursue all of these initiatives with the highest standards of ethics and accountability.

HUD must make significant progress in all of these areas and can do so with the dedication and hard work of HUD employees around the nation. I encourage you who have chosen the legal profession as a career to join us at HUD and apply your skills, talent and energy to our critical mission. At HUD, you can make a difference in the lives of millions of people and the future of our country. In addition, your work as a Legal Honors Intern at HUD will better prepare you to help address the challenges that are ahead for housing and urban development.

## U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

### OFFICE OF GENERAL COUNSEL

WASHINGTON, D.C. 20410-0001

As General Counsel of the U.S. Department of Housing and Urban Development (HUD), I am committed to recruiting the best and brightest of the legal profession to serve in HUD's Office of General Counsel (OGC). The Office of General Counsel is a nationwide organization of close to 400 attorneys with headquarters in Washington, DC, ten regional offices and close to forty field offices around the country.

As members of the largest legal organization in the world dedicated to providing advice on legal issues related to housing and urban development, attorneys in the Office of General Counsel play a vital role in helping HUD accomplish its core and incredibly important mission. In

addition to providing legal counsel and advice on all aspects of federal housing and urban development laws, regulations, and policies, OGC attorneys advise HUD on complex mixed financing transactions for residential development and health care facilities; fair housing enforcement relating to discrimination complaints based on race, disability and family status; and enforcement of housing consumer protection and regulatory responsibilities. Attorneys in the Office of General Counsel also draft legislation and regulations, represent HUD in defensive litigation, and/or serve program clients as program counsel by providing guidance about the statutes and regulations that govern the operation of all HUD programs. They also work with HUD's Departmental Enforcement Center on program and regulatory enforcement through administrative and judicial proceedings.

We believe that HUD's Office of General Counsel can provide you with an exciting and challenging legal career plus the opportunity to bring hope to millions of people and to serve your country. We also believe that this is a particularly exciting time to consider joining HUD's Office of General Counsel. As Secretary Jackson continues to lead HUD in strengthening our nation's communities, promoting affordable housing, dismantling the barriers to home ownership, expanding homeownership opportunities for all Americans, particularly low and moderate income families, meeting President Bush's goal of at least 5.5 million new minority homeowners before the end of the decade, ending chronic homelessness, vigorously enforcing fair housing, civil rights and anti-discrimination laws and providing desperately needed housing and other relief to the victims of Hurricanes Katrina, Rita and Wilma, there will be no shortage of interesting and challenging assignments for attorneys in the Office of General Counsel and no lack of opportunities to make a difference in the lives of millions.

We hope you will consider joining us.

## CAREER OPPORTUNITIES IN THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT'S OFFICE OF GENERAL COUNSEL

The Department of Housing and Urban Development (HUD) is the Federal agency principally responsible for programs concerned with the Nation's housing needs and administers the Federal Government's major programs of assistance for housing and for communities. HUD oversees a wide variety of programs, including Federal Housing Administration (FHA) mortgage insurance programs to help families become homeowners; rental subsidy assistance programs to help low-income families obtain affordable housing; programs to aid neighborhood rehabilitation; community development assistance to conserve existing housing and increase the supply of low- and moderate-income housing; and the Government National Mortgage Association (Ginnie Mae) mortgage-backed securities program that helps ensure an increased supply of mortgage credit. In addition, HUD is responsible for the administration and enforcement of the Federal Fair Housing Act. Further, HUD has other important regulatory functions, including implementation of the Real Estate Settlement Procedures Act, the Interstate Land Sales Full Disclosure Act, and the Manufactured Housing Construction and Safety Standards Act.

## HUD ORGANIZATION

HUD administers its programs through a decentralized organizational structure consisting of Headquarters in Washington, D.C., and 81 field offices. Consequently, much of HUD's authority for program implementation and administration has been delegated to the local office level.

### HEADQUARTERS

HUD Headquarters in Washington, D.C., is the origination point for departmental policies, priorities, and goals. Headquarters is divided into four program areas: Housing/Federal Housing Administration, Community Planning and Development, Public and Indian Housing, and Fair Housing and Equal Opportunity, each headed by an Assistant Secretary who is appointed by the President subject to Senate confirmation and is responsible to the Secretary. Headquarters also includes the support organizations of OGC, Administration, Policy Development and Research, Field Management, Office of the Chief Financial Officer, etc. Assistant Secretaries and Primary Organization Heads direct the Department's activities with respect to their program areas.

HUD Headquarters interacts with the White House, Congress, the Office of Management and Budget, and other Federal offices in the operation and funding of Federal housing and community development programs. OGC works with program offices to promulgate regulations and to implement legislation passed by Congress and enacted by the President. In addition, OGC monitors field offices in the administration of programs, and interprets departmental policy and practice.

## FIELD OFFICES

The 81 field offices are divided into 10 Regions, each served by a Regional Director (see map on page 4). Of the 81 field offices, there are 52 State Offices which are headed by a Field Office Director. The remaining 28 are designated Area Offices serving major metropolitan areas, which are headed by Area Coordinators. While program Assistant Secretaries in Headquarters directly manage programs in the field, responsibility and accountability for most operational decision-making is that of the field offices.

## OFFICE OF THE SECRETARY

The Secretary of Housing and Urban Development is appointed by the President of the United States subject to confirmation by the Senate. The Secretary is responsible for all HUD programs and offices including those

mentioned above and the Government National Mortgage Association (Ginnie Mae). Statutorily, the Secretary is given regulatory powers over the Government Sponsored Enterprises (GSEs) of the Federal National Mortgage Association (Fannie Mae) and Federal Home Loan Mortgage Corporation (Freddie Mac).

## OFFICE OF GENERAL COUNSEL

The General Counsel is the chief legal officer of the Department and principal legal adviser to the Secretary and the principal staff of HUD. OGC provides legal opinions, advice, and services with respect to all departmental programs and activities. OGC has primary responsibility for the development of HUD program regulations and assists in the development of HUD programs and policies. The Office of General

Counsel includes the General Counsel and three Deputy General Counsel: the Deputy General Counsel for Litigation and Enforcement; and the Deputy General Counsel for EO and Administrative Law, who provide policy assistance in their respective areas of responsibility; and the Deputy General Counsel for Operations who is responsible for program matters and the management of OGC Headquarters and Field Legal Services Staff. OGC is divided into eight functional offices from which legal services are provided to HUD Program Administrators. An Associate General Counsel heads each office. The Office of General Counsel also includes the Departmental Enforcement Center. An Assistant General Counsel heads the functional divisions within each office. Field Legal Services are divided into ten groups of States headed by a Regional Counsel and 40 state/area offices headed by a Chief Counsel or Chief Attorney located in the same offices as State/Area Coordinators. Field legal staff provide advice and counsel to program administrators in the field. A division within the office of General Counsel also exists to assist the Department's review and processing of Freedom of Information Act (FOIA) requests.

### ■ Office of Assisted Housing and Community Development

This office consists of “program counsel” who are experts in the laws governing development and operations grants for communities, homeless housing assistance, and housing assistance for persons in public and private assisted housing. Program counsel work on the Department's assistance programs targeted for low-income benefit.

Attorneys in this office perform the legal work for all Departmental assisted housing and community development programs, including the programs authorized under the United States Housing Act of 1937 (including Section 8, public housing, and HOPE VI), title I of the Housing and Community Development Act of 1974 (Community Development Block Grants, or CDBG), title II of the National Affordable Housing Act (HOME), the McKinney-Vento Homeless Assistance Act, and Section 202/811 housing for the elderly and disabled. As program counsel, attorneys provide legal counsel, through legal opinions, oral advice, research, and transactional law on statutory, regulatory, and contract interpretation, proposed policy, and case problems. This advice is provided to HUD program administrators, HUD recipients such as cities, States, and public housing authorities,

private developers, and legal aid groups, tenant/resident organizations, and the ultimate beneficiaries of the programs, such as low-income tenants.

### ■ Office of Finance and Regulatory Compliance

Attorneys in this office serve as program counsel, corporate counsel and compliance counsel to the Department's major financial and consumer protection programs. They provide legal advice to the program clients, draft regulations and legislation, and direct compliance reviews.

This office performs legal services concerning the Secretary's regulation of the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac). As program counsel to the Government National Mortgage Association (Ginnie Mae), the office also provides Ginnie Mae advice on resolution of statutory, regulatory, corporate, operational, and litigation issues. The office provides tax advice to the Department, and assists program offices dealing with the capital markets. Attorneys in the office perform the legal work and compliance work for a variety of consumer protection programs, including the Real Estate Settlement Procedures Act (RESPA), which governs the real estate settlement and mortgage lending industry, the Lead-Based Paint Prevention Act, the Interstate Land Sales Full Disclosure Act, and the National Manufactured Housing Construction and Safety Act of 1974. Compliance work in the consumer protection programs includes coordinating investigations, taking depositions, representing the Department before HUD's administrative tribunals and assisting Department of Justice lawyers in litigation in the U.S. District Courts and Courts of Appeals. Attorneys also provide legal advice involving the National Environmental Policy Act (NEPA), the Davis-Bacon Act, the Debt Collection Act of 1982 relating to salary, administrative and tax refund offset hearings. This office also provides legal services pertaining to HUD's international programs under Section 604 of the Housing Act of 1957.

### ■ Office of Human Resources Law

This office provides legal services relating to personnel, ethics and contract law. It serves as legal advisor to HUD program offices on human

resources and administrative law matters. This office has crosscutting legal responsibility with all HUD offices in Headquarters and in the Field. Its clients include the Office of Administration, the Office of Inspector General, the Chief Financial Officer, and the Assistant Secretary for Public Affairs on issues relating to labor and employee relations, personnel, adverse actions, EEO, ethics, and procurement.

Attorneys in the Personnel Law Division represent the agency in administrative hearings and litigation filed before the Equal Employment Opportunity Commission (EEOC), the Merit Systems Protection Board (MSPB), the Federal Labor Relations Authority (FLRA), and the Office of Special Counsel (OSC). Issues before these bodies include recruitment, equal employment opportunity, employee discipline, performance evaluations, and labor relations. Division attorneys work with Assistant U.S. Attorneys in the Justice Department in judicial actions filed with the Federal courts.

The Ethics Law Division provides advice and counsel to HUD employees, Principal staff and management officials across the nation on extremely confidential and sensitive issues. These issues relate to employee standards of conduct, financial disclosures and the criminal conflicts of interest under Federal law. Ethics staff also provides counseling, training and legal opinions on political and official travel, the Hatch Act, gift acceptance and post-government employment restrictions.

The Procurement and Administrative Law Division advises HUD management officials on administrative law and contracting issues, Freedom of Information Act appeals, and delegation of authority. Attorneys represent the Department in administrative hearings and bid protests actions filed before the HUD Board of Contract Appeals, the Government Accountability Office, and the Federal Court of Claims.

## ■ Office of Insured Housing

The Office of Insured Housing serves as program counsel by providing legal services to the Federal Housing Administration and the Office of Assisted Housing Preservation (OAHP) on matters such as real estate acquisition and construction financing, affordable housing, homeownership, and landlord-tenant law. The office is comprised of the Single Family Mortgage Division and the Multifamily Mortgage Division.

The Federal Housing Administration (FHA) was created in 1934 and is a government corporation within the Department of HUD that provides insurance to lenders on loans for single-family homes, multifamily rental projects, health care facilities, and hospitals. FHA programs reach more underserved households than any other mortgage insurance provider, thereby improving access to decent, affordable housing throughout the country. FHA does not make loans directly to borrowers but annually insures over \$100 billion in mortgages. Over 80% of FHA single-family mortgagors are first-time homebuyers, and over 40% are minority homebuyers.

Attorneys in the Single Family Mortgage Division help people become homeowners by providing legal advice and assistance to FHA program staff in developing new housing programs or expanding existing programs. Advice from attorneys in the division also enables FHA to implement special housing programs such as pre-purchase, default, and credit counseling for homebuyers, housing finance for Native Americans, and home equity loans for the elderly. In addition, the division provides legal advice on the acquisition and the sale by FHA of single-family loans to joint venture Limited Liability Companies as well as REO (Real Estate Owned) property sales, including sales to local governments and non-profit entities. The division also provides assistance to FHA in its efforts to combat predatory lending practices. All legal work is focused on helping FHA expand homeownership opportunities by making affordable mortgage financing available to more people.

Attorneys in the Multifamily Mortgage Division provide legal advice and assistance to FHA in developing new programs as well as in expanding and managing the complex day-to-day operation of existing programs for insurance on mortgage loans secured by multifamily rental projects, health care facilities, and hospitals. The division also

assists FHA by providing legal review for processing and payment of mortgage insurance claims filed by insured lenders and in the sale of loans and REO projects. In addition, the division provides the primary legal support to the OAHP in restructuring debt secured by Section 8 projects with unit rents that exceed market rates. This debt restructuring helps preserve affordable housing stock while assuring that this housing is decent, safe, and sanitary. Many of the projects securing these loans are located in central cities and help the residents in those areas.

The Office of Insured Housing provides legal services (e.g., statutory or regulatory interpretation and transactional assistance) to FHA headquarters staff who set national policy for FHA operations. FHA insures mortgage loans and is one of the largest property management and assets sales organizations. Single-family programs help first-time and minority borrowers achieve homeownership and involve using the latest technology such as Automated Underwriting Systems. Multifamily programs include the use of cutting edge financing tools such as low-income housing tax credits, tax-exempt bonds, and a mix of public and private funds to finance mixed-income and mixed-use developments. The office offers legal interns the unique experience of working on, and helping to close, some of the largest and most challenging transactions in the real estate industry. The corporate fiscal issues are balanced with the social mission of HUD and the Federal Housing Administration in the transactions on which attorneys and non-attorneys participate.

### ■ Office of Legislation and Regulations

This office, which includes the Legislation and Regulations Divisions, provides drafting and other legal services in connection with the development, preparation, and presentation of the Department's legislative and regulatory programs.

The attorneys in the Legislation Division have principal responsibility for coordination of the Department's legislative agenda. Specifically, the attorneys in the Legislation Division are charged with the development, drafting and clearance of the Department's legislation; the provision of legal advice in connection with new legislation or the legislative process, or in connection with questions arising from related laws in program operations. The attorneys are also responsible for coordination of the development of HUD policy positions on legislation affecting HUD which originates elsewhere in the Executive Branch or in Congress; attending and monitoring Congressional hearings that affect HUD; and the provision of technical drafting services, legal review, and other technical assistance, as requested by members of Congress and their staffs, in connection with legislation.

The Regulations Division has principal responsibility for coordination of the Department's regulatory agenda. Specifically, the attorneys in the Regulations Division are charged with the development, drafting and clearance of the Department's regulations, notices of policy statements, and other Federal Register documents; the provision of legal advice in connection with the rulemaking process and authorities, such as executive orders or certain statutes which may impact certain rulemakings, or in connection with questions arising from related regulations in program operations. The attorneys are also responsible for coordination of HUD policy positions on other agency regulations or government-wide policy statements or circulars that affect HUD. The attorneys determine when regulatory materials are needed to implement new statutory authority and when rulemaking is required under the Administrative Procedure Act.

The attorneys in both divisions preside at meetings within HUD to develop policy and legal consensus regarding the content of HUD legislation or regulations or other issuances published in the Federal Register. Attorneys in both divisions have significant interaction with representatives of the Office of Management and Budget, which is responsible for reviewing federal agency legislation and regulations, and also frequently interact with Congressional staff regarding HUD legislation or regulations.

## ■ Office of Litigation

The Office of Litigation is divided into three divisions, the Insured Housing and Community Development Litigation Division, the Assisted Housing and Civil Rights Litigation Division, and the Freedom of Information Act Division.

The Office of Litigation represents the Department in all critical aspects of Federal court cases brought against the Department. The cases handled are the most consequential cases for the Department

and frequently involve constitutional, statutory, and regulatory issues affecting HUD programs nationwide, some with potential exposure to the Government for damages that could cost millions of dollars. Attorneys in Litigation

represent the Department with attorneys at the Department of Justice and are responsible for, among other things, preparing responsive and dispositive pleadings, arguing motions in court, and propounding and responding to discovery requests.

The Freedom of Information Act Division is responsible for handling all of the Freedom of Information Act requests that are submitted to HUD Headquarters, and for providing guidance and assistance to the FOIA liaisons in the Field Offices. The attorneys in the FOIA Division are responsible for seeing that FOIA requests are processed in accordance with the legal requirements of the law. They provide legal advice to the technical staff and work closely with the program offices that are responsible for processing requests.

## ■ Office of Fair Housing

There are two divisions in the Office of Fair Housing – the Enforcement Division and the Compliance Division.

The Enforcement Division provides legal services to the Office of Assistant Secretary for Fair Housing and Equal Opportunity in connection with the Department's fair housing and equal opportunity priorities. It is responsible for enforcement actions stemming from violations of the Federal Fair Housing Act, which may include an adjudicative hearing before a HUD Administrative Law Judge. This division is also responsible for legal interpretations involving issues that arise from fair housing investigations, and the reviewing of fair housing complaint investigative files.

The Compliance Division is responsible for enforcement activities with respect to nondiscrimination requirements applicable to projects or activities that receive Federal financial assistance. Such requirements include compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and Section 109 of the Housing and Community Development Act of 1974. The Division's efforts in these areas involve investigative support, provision of legal opinions, drafting and reviewing investigatory determinations, negotiating voluntary resolutions and initiating formal enforcement actions where voluntary efforts are unsuccessful.

### ■ Office of Program Enforcement

This office provides legal services to the Departmental Enforcement Center as well as coordinating and handling affirmative litigation and administrative actions for other HUD offices. It is divided into an Administrative Proceedings Division and a Program Enforcement Division. The office performs the legal functions necessary for enforcing the Department's statutory, regulatory, and contractual rights against those who participate in HUD programs. This work involves many program areas, including the multifamily housing, public housing, and community development programs. Enforcement actions are pursued through administrative proceedings before HUD's Administrative Law Judges, the HUD Board of Contract Appeals, and the Mortgagee Review Board. In addition, attorneys defend the decisions made by the Multifamily Participation Review Committee denying participation in HUD programs and prepare and work with the Department of Justice on referrals of affirmative cases seeking to enforce program requirements in Federal Court, or in defensive actions when participants appeal administrative proceeding decisions adverse

to them. The attorneys provide legal services to the Office of Housing for its actions to obtain the compliance of multifamily project owners with the requirement that they maintain the physical condition of their properties in decent, safe and sanitary condition.

## OGC FIELD OFFICES

Field legal staff in ten Regional Offices provide the full range of legal services and assistance to Regional Directors, Field Office Directors, managers and staff in program and administrative offices located within the geographic jurisdiction. A Regional Counsel, who reports to the Deputy General Counsel for Operations in Headquarters, heads each Regional Counsel Office. There are forty legal offices within the jurisdiction of the Regional Office headed by a Chief Counsel who provides legal support to Field Offices where Multifamily, FHEO, CPD and/or Public Housing Hubs/Centers are located. Each Chief Counsel reports to a Regional Counsel.

The Field Office Programs/Functions are described below:

## ASSISTED HOUSING

In the conventional Public Housing program, Field Counsel are responsible for the review of program matters with legal implications, such as demolition/disposition of projects, cooperation agreements between housing authorities and general purpose governments, and eminent domain and other takings. Field Counsel also provide a wide range of legal services in connection with the low-rent public housing projects in occupancy, such as income eligibility and landlord-tenant matters like evictions. With respect to the Section 8 Lower-Income Housing Assistance program, Field Counsel are responsible for making determinations as to the legal capacity of participants in the program, and related occupancy matters. Field Counsel are assuming responsibility for public housing transformation efforts, including HOPE VI and mixed finance developments. In addition, Field Counsel also review Section 202 and Section 811 capital advance applications for elderly and disabled projects, and conduct initial and final closings of Section 202 and Section 811 projects.

## COMMUNITY PLANNING AND DEVELOPMENT

This function includes the provision of legal services required in connection with all CPD programs. Field Counsel prepare contracts, amendments, special contract conditions, and sanctions imposed for noncompliance with program requirements. Field Counsel are also responsible for making legal determinations relative to environmental and labor requirements, for rendering decisions in connection with field office consideration of relocation appeals by displaced persons, and for providing legal advice concerning CDBG monitoring activities. They also address a wide variety of conflict of interest issues.

## FAIR HOUSING AND EQUAL OPPORTUNITY ENFORCEMENT

This function involves the provision of legal services with respect to the enforcement of civil rights laws and equal opportunity requirements applicable to HUD programs. Field Counsel have a critical role in HUD's pursuit of fair housing enforcement. Other services provided include legal services related to nondiscrimination in HUD-assisted programs. Field Counsel also make the initial determination of the substantial equivalency status of State and local ordinances on fair housing. The effort to eliminate systemic discrimination in housing and the Department's strengthened procedures for Title VI compliance reviews has substantially increased the fair housing/equal opportunity workload of Field Counsel. Field Counsel are fully involved in Fair Housing enforcement: they must review the Final Investigative Report (FIR) where a determination of reasonable cause or no reasonable cause has been made by the Office of Fair Housing and Equal Opportunity; they represent complainants and the Secretary at hearings held before Federal Administrative Law Judges in certain types of cases; they assist the DOJ and the U.S. Attorneys in fair housing cases tried in Federal District Court; they process requests for prompt judicial relief where a unit will be sold or rented before a case can be investigated and litigated or where a complainant is about to be evicted; and they attend training on the processes involved in the handling of fair housing enforcement cases.

## FEDERAL TORT CLAIMS CENTER

The Function of this Center (from the Regional Counsel Office in New England) is to provide centralized handling of tort claims filed against HUD. All claims throughout the country are forwarded to the Claims Center, where staff reviews incoming tort claims, determine if additional documentation or investigation is necessary, and decide whether the claim should be denied or settled. If the claimant initiates litigation, the Claims Center is responsible for handling the litigation, including monitoring contract legal services that may be procured for this purpose. This approach ensures that tort claims are dealt with in a systematic, consistent manner.

## LITIGATION

Defensive Litigation is a major responsibility of the Field Counsel. It involves working with the U.S. Attorneys in handling cases to which HUD is a party and participation with local government or private attorneys in handling cases involving HUD-assisted local governmental activities. The caseload covers the full range of the Department's program responsibilities, including subsidized and insured housing, property management and disposition, and community development programs, as well as cases involving claims collection, environmental issues, civil rights, landlord-tenant matters, architectural and construction contract disputes, and tort claims. Field Counsel also handle judicial foreclosures of multifamily projects, single family defensive foreclosure actions, and some of the affirmative litigation cases instituted by the Department.

## MULTIFAMILY HOUSING PROGRAMS

Field Counsel provide all legal services required in connection with HUD's insurance of mortgages on multifamily properties, including representing the Department at initial and final closings of projects, among which are those financed by tax-exempt bonds. The closing attorney is responsible for assuring the legal sufficiency of all closing documents for full insurance projects. Field Counsel provide legal reviews of applicable documents where there is a change in the mortgagor entity, and furnish legal assistance in connection with the

non-judicial foreclosure of multifamily projects, the management and disposition of acquired properties, debt collection, and bankruptcies. In addition, Field Counsel provide legal advice and guidance on Single Family Mortgage Insurance programs. Field counsel also have responsibility for Mortgage Sales Portfolio Reengineering and HOPE VI.

## PERSONNEL LAW

Legal advice and services to the Department are provided on personnel issues, including misconduct, unsatisfactory performance, labor relations, equal employment opportunity, and other employment-related matters. The legal support includes working with the Department of Justice in representing the Department in Federal court. Attorneys in the Regional Office where an Administrative Service Center is located provide advice and guidance to the Human Resources Divisions in those Administrative Service Centers. Because the Regional Office attorneys provide legal support to managers and staff covering several programmatic and geographic jurisdictions, these attorneys have a dual reporting responsibility to both the Deputy General Counsel Operations and the Regional Counsel servicing the Administrative Service Centers. Such dual reporting responsibility ensures greater consistency and quality of service throughout the country, as well as providing legal assistance to supplement that given by Headquarters OGC.

## PROCUREMENT AND ADMINISTRATIVE LAW

Legal advice is provided on a variety of administrative law issues, including procurement, contract administration, Freedom of Information Act, Privacy Act, delegations of authority, and similar matters. With regard to procurement and contracting issues, attorneys in the Regional Office where an Administrative Service Center is located are responsible for providing legal advice and litigation services, including representing the Department before administrative forums to defend HUD's position in bid protests and claim disputes. As a result of increased emphasis on the importance of quality control in procurement and contracting matters, attorneys in the Regional Offices where an Administrative Service Center is located provide legal advice

and guidance to the Contracting Division managers and staff members in those Administrative Service Centers. Because these attorneys provide contracting legal support covering several programmatic and geographic jurisdictions, they have a dual reporting responsibility to both the Deputy General Counsel for Operations and the Regional Counsel servicing the Administrative Service Centers. Such dual reporting responsibility ensures greater consistency and quality of service throughout the country.

### SINGLE FAMILY HOUSING

For those Offices in which a Single Family Homeownership Center is located, legal staff is dedicated to providing legal support and assistance to the HOC managers

and staff. This support includes a wide range of legal issues affecting FHA single family mortgage insurance programs, from title concerns and land trust matters to administrative sanction review and case preparation.

## **FEDERAL BENEFITS AND EMPLOYEE SERVICES**

### **Transportation and Location**

HUD Headquarters is located in downtown Washington, D.C., and is convenient to many popular areas of interest including the Mall, which encompasses the Capitol, the Washington Monument, and the Smithsonian Museums. The building is readily accessible by public transportation and is convenient to residents of Maryland and Virginia, as well as the District of Columbia. Employees can take the Metro subway system directly to HUD. Transit subsidy assistance is provided.

### **Health Insurance**

The Federal Employees Health Benefits Program (FEHB) is one of the most valuable benefits of Federal employment, but coverage is not automatic – you must select one of the more than 100 available health plans in order to be covered. You have 60 days from your entry on duty date to sign-up for a health insurance plan. If you do not make an election, you are considered to have declined coverage and you must wait until the next open season to enroll. Although you have 60 days to make your election, it is to your advantage to make this election soon in order to be covered in case of accident or illness. The policy will begin coverage on the effective date and will cover expenses occurring on or after that date, even for conditions occurring before that date.

### **Flexible Spending Accounts**

The Federal Flexible Spending Accounts Program (FSAFEDS) allows you to pay for certain health and dependent care expenses with pre-tax dollars. You may choose to make a voluntary allotment from your salary to your FSAFEDS account(s). You will not pay employment or income taxes on your allotments.

### **Long Term Care Insurance**

The Federal Long Term Care Insurance Program (FLTCIP) provides long term care insurance for Federal employees and their

parents, parents-in-law, step-parents, spouses, and adult children. If you are newly employed in a position that conveys eligibility for FEHB coverage, you can apply for long term care insurance, even if you do not enroll in the FEHB Program. Long-term care insurance is NOT just for older people. The cost of the insurance is based on your age when you apply.

### **Federal Employees' Retirement System (FERS)**

The Federal Employees' Retirement System is effective for federal employees hired on or after January 1, 1984. Almost all new employees are automatically covered by the Federal Employees Retirement System (FERS). FERS is a three-tiered retirement plan: Social Security Benefits, Basic Benefit Plan and Thrift Savings Plan. The FERS plan includes a basic government pension as well as social security coverage, both of which are based on salary and length of service. FERS also features an optional Thrift Savings Plan that allows employees to contribute a percentage of pay, tax-free until retirement.

### **Thrift Savings Plan (TSP)**

The Thrift Savings Plan (TSP) is a tax-deferred retirement savings and investment plan that offers you the same type of savings and tax benefit that many private corporations offer their employees under 401(k) plans. By participating in the TSP, you have the opportunity to save part of your income for retirement, receive matching agency contributions, and reduce your current taxes.

There are six Thrift Savings Plan investment Funds. The Funds differ in the rate of return and amount of risk involved. You may invest any percentage of future contributions to your account in the following Funds: Government Securities Investment (G) Fund, Common Stock Index Investment (C) Fund, Fixed Income Index Investment (F) Fund, Small Capitalization Stock Index (S) Fund, International Fund, Stock Index (I) Fund and Life Cycle (L) Funds. You can also transfer any portion of your existing account balance among the six Funds.

## **Federal Student Loan Repayment Program**

The Federal Student Loan Repayment Program permits HUD to repay federally insured student loans as a recruitment or retention incentive. Although the loan is not forgiven, the agency may make payments to the loan holder of up to a maximum of \$6,000 per calendar year not to exceed an aggregate of \$40,000 for any one employee. An employee receiving this benefit must sign a service agreement to remain in the service of the paying agency for a period of at least 3 years. An employee must reimburse the paying agency for all benefits received if he or she is separated voluntarily or involuntarily. The operation of this program is contingent upon the availability of funds.

## **Leave (Annual and Sick)**

Annual Leave is used for vacations, rest and relaxation, and personal business or emergencies. New full-time employees earn 4 hours of annual leave each 2-week pay period. When you have 3 years of service, this increases to 6 hours every 2-weeks, and at 15 years it increases to 8 hours every 2 weeks. Most military service counts toward the time required to go into the next higher annual leave category. Most employees can carry over no more than 30 days of annual leave into the next leave year.

Sick Leave is used for personal medical needs; care of a family member; care of a family member with a serious health condition; and adoption related purposes. Full-time employees earn 4 hours of sick leave every 2-weeks. You can accrue this leave without limit.

## **Work Schedules**

Attorneys at HUD are eligible to be members of the union bargaining unit and may participate in the Alternative Work Schedule Programs. The standard work week for a full-time employee is 40 hours per week. There are two types of alternative work schedules which permit employees to vary their daily work hours. They are: (1) flexible work schedules with credit hours; and (2) compressed work schedules (CWS).

Full-time employees with a flexitime schedule must account for 8 hours each day plus an established lunch period of no less than 30 minutes. Flexitime allows employees to vary their arrival/departure times each day, provided they are on duty during the office's established core hours or on leave. Employees choosing flexitime may arrive as early as 7:00 a.m. and as late as 9:30 a.m. and may leave as early as 3:30 p.m. and no later than 6:00 p.m.

For full-time employees with a compressed work schedule, the compressed work schedule consists of 5-4/9 or 4-10:

5-4/9 CWS – a type of compressed work schedule in which an employee meets the 80-hour work requirement by working four 9-hour days and one 8-hour day during one work week, plus four 9-hour days and a day off during the alternate week, in addition to the established lunch period for the office.

4-10 CWS – a type of compressed work schedule in which an employee meets the 80-hour work requirement by working four 10-hour days and has a day off each week.

The benefit to a CWS schedule is an established day off in a biweekly pay period. CWS employees may begin the work day as early as 7:00 a.m. (leaving at 4:30 p.m.) and as late as 9:00 a.m. (leaving at 6:30 p.m.). These schedules must be approved by supervisors and their availability may vary depending upon the office.
